* FISS Premium Private Lesson: Either take all 5 or 6 Hours or split the time between members of your holiday group, however you cannot split the time into multiple days.

* We don't charge for additional people in your lesson as long as everybody is of the **same ability**. Maximum number with an instructor is 5 people in one group. However we don't recommend kids and adults are in same class.

* We are happy to start your lesson either Furano Zone or Kitanomine Zone.

Cancellation Policy

Obviously we understand if you need to cancel for any reason (unforeseen events etc), provided you let us know 7 days prior to your booking start we will happily reimburse your full lesson fees.

Once it gets closer to the booking the harder it is for us to resell those slots missed.

If you cancel:

6 days prior to your booking we will return 80% of your lesson fees.

5 days prior to your booking we will return 60% of your lesson fees.

4 days prior to your booking we will return 40% of your lesson fees.

3 days prior to your booking we will return 20% of your lesson fees.

At 48 hours from your starting lesson time or less it is extremely difficult to get alternative bookings at such short notice,

so unfortunately you will not be eligible for any refund as we will use the fee to recuperate the instructors wage cost.

In the event of inclement weather:

Full refund will only be issued if, for reasons as such as bad weather or other unforeseen circumstances

Furano Ski Area is forced to close all lifts in both Furano and Kitanomine areas for the period of time that your lesson was due to take place.

If it is only a temporary closure of all facilities we may offer you a choice between postponing the lesson (if available) or issuing you a refund.

If appropriate facilities are available for us to conduct your lesson, then your lesson will go ahead as scheduled.

We won't for example issue a refund, just because it's snowing.
